

# Multiples and factors

Fill in the blanks

$$\square = 2 \times \square$$

5 and  $\square$  are divisors of 10

5

10

2

$$\square = \square \times 4$$

3 and  $\square$  are divisors of 12

3

12

4

$$\square = 6 \times \square$$

5 and  $\square$  are divisors of 30

6

5

30

$$\square = \square \times 2$$

6 and  $\square$  are divisors of 12

6

2

12

$$\square = 5 \times \square$$

3 and  $\square$  are divisors of 15

15

3

5

$$\square = \square \times 2$$

6 and  $\square$  are divisors of 12

3

12

2
